Transaction Data Upload

O/P HSW196 Run:

Transactions Data Upload

Create the data file. Enter the path and file name of the file created below, and click the "Upload" button ("C:\uploads\datafile.txt"). The file will be copied to our server, of which you will receive confirmation. Then click the "Process Now" button to load the information and you will be presented with a link to a processing error report to verify the data.

Enter the path and file name to upload:

MSHDA - MITAS Tenant Data Upload File Directory ...

This section helps create Comma Delimited CSV files containing tenant changes that are electronically uploaded by MSHDA's MITAS Internet Property Management site.
